

Rosary Project

October is the month of the rosary. The 5th graders will be learning the rosary prayers, as well as the layout of the rosary beads. To do this, the students will construct a rosary using beads or baubles of their choice. Please send in the supplies needed by Monday, October 2nd. Once the students have completed their rosaries, I will ask one of the priests to bless them. The students will learn how to use them during our daily prayer of the rosary and then they will keep them as a beautiful heirloom.

The supplies needed are:

1 Cross

1 Medallion (or bead) for the "Y" in the rosary

59 beads / pom-poms / baubles (something the students can maneuver while praying.)

60 spacers if wanted (used between the beads)

Thank you, in advance, for your cooperation.

Sincerely,

Mrs. McNamara
